John Deere Limited ACN 008 671 725 - Incorporated in Western Australia, Australia

WARRANTY FOR NEW JOHN DEERE AGRICULTURAL EQUIPMENT AND WARRANTY FOR NEW TURF & UTILITY EQUIPMENT (Australia)

AUSTRALIAN CONSUMER LAW – The statement below this paragraph applies if (and only to the extent that) the Purchaser has acquired or will acquire Equipment as a "consumer" for the purposes of the Australian Consumer Law (and that Equipment is of a kind ordinarily acquired for personal, domestic or household use or consumption). Unless the context otherwise requires, terms used in this paragraph (A) have the meanings given to them in the *Competition and Consumer Act 2010* (Cth), but a reference to "our goods", is a reference to relevant Equipment that John Deere or an authorised dealer supplies to the Purchaser, and a reference to "you" is a reference to the original purchaser ("Purchaser"). This statement overrides anything to the contrary in the paragraphs following it.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

A. GENERAL PROVISIONS – The warranties described below are provided by John Deere Limited to the original purchasers of new Agricultural, Power Systems and Turf & Utility Equipment described in the Warranty Terms Table below ("Equipment") purchased from John Deere Limited or authorised John Deere dealers (the "selling Dealer"). "New Equipment" means equipment that has not been previously sold at retail and does not include replacement parts or merchandise. Under these warranties John Deere Limited will repair or replace, at its option, any part covered under these warranties which is found to be defective in material or workmanship during the applicable warranty term. Warranty service must be performed by a dealer or service centre authorised by John Deere Limited to sell and/or service the type of Equipment involved (the "authorised dealer"). The authorised dealer will use only new or remanufactured parts or components furnished or approved by John Deere Limited. Warranty service will be performed without charge to the purchaser for parts and/or labour. However, the purchaser will be responsible for any service call and/or transportation of Equipment to and from the authorised dealer's place of business (except where prohibited by law), for any premium charged for overtime labour requested by the purchaser and for any service and/or maintenance not directly related to any defect covered under these warranties. These warranties are transferable, provided an authorised John Deere dealer is notified of the ownership change, and John Deere approves the warranty transfer.

* Each Warranty Term begins on the date of equipment delivery to the purchaser.

** Implements/Attachments purchased on the same Purchase Order as the Equipment listed will be covered by the Equipment's Warranty Term. Implements/Attachments purchased separately will be covered by the Warranty Term on line 14.
